

Over the years, many others have also submitted song ideas; to honor those submissions, we have included them on this page as well.

### **Previous song:**

*We're the UDS debaters, and we're standing proud  
And if we can't convince them then we're gonna scream and shout  
Debating is the art we do with heart and soul  
To slay our enemies!*

Chorus:

*Glory, glory, UDS!  
Glory, glory, UDS!  
Glory, glory, UDS,  
And we will rule the world!*

*Using striking quotes as well as funny anecdotes  
We will smash the opposition an' slowly crush their bones  
In a world debate we're gonna end first rate  
And smash our enemies!*

[Chorus]

*The motions we defend are always just, fair and true  
Or, at least, that will be what we say to you  
We will be persuasive up until the bitter end  
And scorch our enemies!*

[Chorus]

## **Song by Julian van Hee (to the tune of Utereg me Stadje)**

### **Refrain 1**

*When I'am standing in debate room  
I'am speaking out big mech  
Then you will hear the impact  
The burden and my spec  
Yes, the members like my case  
I am proud to live the dream  
There is no better place  
Than U-D-S my team  
Than U-D-S my team*

### **Refrain 2**

*U-D-S society is of us all  
Where the judge panel is making the right call  
The extension, the delta and the counterfactual  
U-D-S is best overall*

*was born a normal human,  
now I'm debater  
Seven minutes to fulfill the burden  
Beating top and bottom half, short and long diagonal,  
Here in Utrecht we learn  
The communistic extension will be sensational  
U-D-S, is always nice and fun  
Afterwards we dance and swing  
It's like we are the king  
At U-D-S constantly shines the sun*

### **Refrain 1**

### **Refrain 2**

*U-D-S is best overall  
U-D-S is best overall*
